ABOUT US

Fluid Design is a Design Studio focused on providing professional know-how in Design, Consultancy, and Project Management for Wellness & Pools and Landscape & Water Features.

Established as part of Al Miyah Holding Group, which was founded in 1980, it has been combining creative design skills & technical expertise to realize a wide variety of Wellness & Water Feature projects in the most famous spots in the MEA region.

MISSION

- To innovate in Design Solutions for Wellness & Pools and Water Features based on reliable technical expertise, while meeting client's vision and objective.

VISION

- Our passion, innovation and dedication throughout the years allowed us to be a regional reference in the Conceptualization and Development of modern signature Design Solutions for Wellness & Pools and Water Features.
Therefore, we aim to be the market leader in our industry creating the top iconic projects, while ensuring customer satisfaction is at the heart of everything we do.

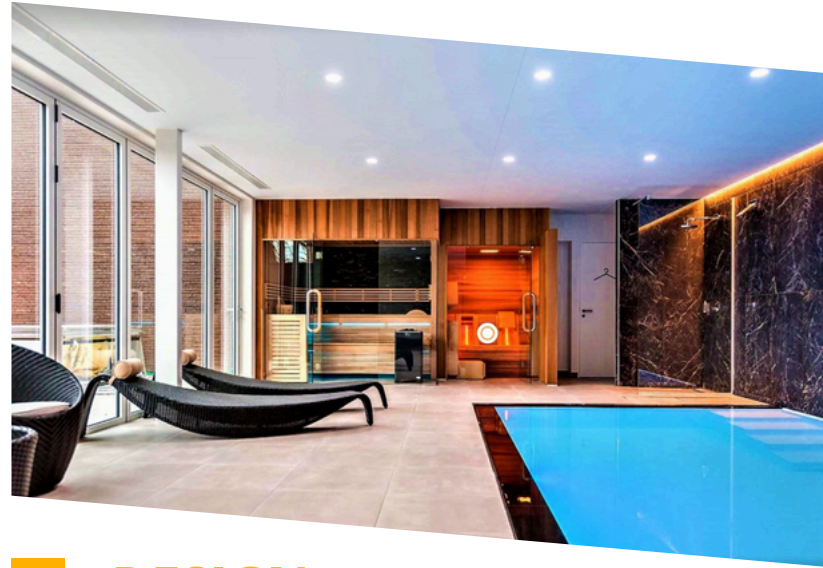

DIVISIONS

■ WELLNESS & POOLS

Within Wellness & Pools, we aim to create *"The Ultimate Spa Experience"* suited to the client's need and budget.

■ LANDSCAPE & WATER FEATURES

Within Landscape & Water Features, we strive to design *"A Memorable Water Show"* that will always be recalled.

■ DESIGN

a-Concept Design

Zoning Analysis, space optimization and concept scheme. Preliminary systems selections and preliminary budget study.

b-Design Development

Taking the concepts to a more tangible level through revisions and workshops, delivering drawings, perspectives, detailed study, and analysis.

c-Tender Documents

Providing all relevant and required official documentation including tender objectives, drawings, specs, BOQ and schedule.

SERVICES

■ CONSULTANCY

Assisting our clients as a 3rd party consultant, providing the proper knowledge and expertise needed in the field.

■ PROJECT MANAGEMENT

We are involved in Project Management to ensure that the Execution phase is conducted in line with our initial concept and detailed planning.
